Pneumatic Lift & Rotate

Raise loads to a comfortable height and rotate them with the integrated turntable for loading, unloading or working on the side nearest the operator.

Features

- Standard pedestal control, foot control optional
- Pressure relief valve standard
- Lifetime warranty on actuator
- Air requirements: 80 psi at 15 cfm

- Oversized Platforms - can be increased in width and length up to an additional 24”. Side and end-load capacities are de-rated 2% per inch of increase and oversized models must be lagged to the floor.
- Platform with Beveled Edges - welded at 30° angles, beveled edges increase the standard platform by 4” on all sides.
- Optional Platforms & Overlay Material - for special handling of loads: V-cradle tops, stainless steel, diamond plate, and UHMV
- Lifting Eyes - for installation and transportation of unit with a sling or lifting chain.
- Accordion (Bellows) Skirts - vinyl, alternating black & yellow 3” pleats.
- V-Grooved Wheels - 5” steel wheels for transportable units only, sold per pair.
- Accordion (Bellows) Skirts - can be increased in width and length up to an additional 24”. Side and end-load capacities are de-rated 2% per inch of increase and oversized models must be lagged to the floor.
- Platform with Beveled Edges - welded at 30° angles, beveled edges increase the standard platform by 4” on all sides.
- Optional Platforms & Overlay Material - for special handling of loads: V-cradle tops, stainless steel, diamond plate, and UHMV
- Lifting Eyes - for installation and transportation of unit with a sling or lifting chain.
- Accordion (Bellows) Skirts - vinyl, alternating black & yellow 3” pleats.

Heavy-Duty Pneumatic Scissor Lift & Rotate

Extra capacity to handle loads up to 8,000 lbs. Turntable fabricated from ½” steel plate.

Pneumatic Mechanical Options

Transportable Units - two rigid and two swivel casters with 6” diameter steel or textile wheels and one Presto heavy-duty foot operated floor lock. This option adds between 5” and 10-1/4” to the lowered and raised elevations (depending on the positioning of the casters). AXS20, AXS40, AXS60. Models with oversized platforms. Tilt and Lift & Tilt models. Other models, please contact Sales.

Removable Push Handle

Fork Pockets - 6” x 3” or 8” x 3” enclosed steel tube. Specify fork spread.

Floor Stands - increases the lowered height of tilters. Specify desired elevation.

Motion Stabilizer - reduces the bounce found in pneumatic tilt tables.

Turntable Options for AXR and AXSR Series Lifts

90° or 180° spring position detents

Turret-style bearing is available for heavier loads and larger sizes.

Foot Controlled Pneumatic Valve (in place of standard pedestal mounted valve)

AT, AX, AXR, AXS, & AXSR series

AXT and AXST Dual Foot Controls
